

FINANCIAL ASSISTANCE ANNOUNCEMENT

Financial Assistance Guidelines:

The Peterborough Liftlock Atom Hockey Tournament Committee has established a program that focuses on helping individual children become involved in minor hockey.

Who do we fund?

Our financial assistance program will support Atom aged, (9 and 10 year old) boys and girls playing house league hockey on any team based in Peterborough County.

How can I apply?

The Peterborough Liftlock Atom Hockey Tournament Committee offers financial support to families by way of applying through the hockey organization that they are registering with. These organizations, which are in a position to identify kids in financial need, will use a confidential process to select and refer the boys and girls who meet the proper criteria, and who will benefit from the program. This allows the Peterborough Liftlock Atom Hockey Tournament Committee to maintain integrity in the process and insure that funding is delivered right to the kids that meet our criteria. Parents do not apply directly to the program to obtain funding for their children.
